To whom it may concern,

The purpose of this letter is to formally and publicly recommend International Manpower Resources Private Limited for the excellent recruitment services provided to Remak S.A.

Remak S.A. have been cooperating with International Manpower Resources Private Limited since 2007.

During this time IMR has recruited for Remak S.A. about 100 welders and fitters from India.

I have been very pleased with the result and the professional level of service offered by IMR.

IMR in very competent manner organized skill test for welders in India, cared about Remak's delegation there and finally organized visa for workers.

I recommend them to you without reservation.

Yours Sincerely,

Bogusław Mrzygłód
